### **1.1.1 The Institution ensures effective curriculum delivery through a well-planned and documented process**

Effective curriculum delivery is the heart and soul of the college and is ensured through a well-planned and documented process. Semester readiness starts with the academic calendar, which is prepared after studying the university academic calendar which includes the important activities and events to be conducted throughout the session. The next important activity related to curriculum delivery is load distribution, which is also done in advance considering experience and specialization of the faculties. The college allows complete freedom to students to make a choice of offered elective courses and this is also done through a documented process before preparation of Timetable. Timetable committee prepares the timetable. Each course faculty then prepares its Lesson / Teaching Plan and Laboratory Plan according to the timetable and Academic Calendar. The LP/TP presents a complete roadmap about how each faculty is going to do the effective delivery of their syllabus. Orientation program and Skill Development Programs are conducted during the first week of every new session i.e. at the start of the semester to introduce skills and knowledge beyond the syllabus and make our students ready to face the challenges of engineering. Course syllabus and course outcomes are conveyed to students in the very first lecture of course. CO-PO-PSO mapping is done, and attainment computation is done at the end of every semester to find the gap analysis. The course files of faculties are monitored twice a semester by the documentation committee through internal audit team and reports are prepared and shared with Principal, Dean Academics, Dean IQAC and faculties. Course completion as per the LP/TP is monitored periodically during the session by HOD. Weekly syllabus completion report is submitted to IQAC department by the respective departments. Monthly reports are also submitted by the faculties to mention their progress and involvement in

the institute throughout. Laboratory manuals are prepared in advance. Laboratory procurements are done before the semester to ensure availability of equipments for the practicals. The college gives special importance to students' projects. Project Standard operating Practices is conveyed to students before topic finalization. Project Topics are selected before the start of semester and project guides are allotted as per their specialization. Synopsis submission is done by the students before the current semester. Regular project progress seminars / presentations are carried out to check the progress of the students once a month. Sessional question paper settings are done by the faculties on the basis of course outcome and Blooms Taxonomy level fulfillment. The internal examination papers are first moderated by the Head of the Department and then forwarded to the examination department for further processing. Student hour and Library/Sports hour are the special features which ensure conduction of various student activities other than teaching for the students. The college has professional society student chapters like IEEE, ISTE, IETE, ASM, CSI etc. and has various student clubs along with active NSS cell. Each of the forums has a student activity committee/office bearer who takes care of coordination of the technical and non-technical events/skill development programs. Students and faculties are also encouraged to persuade MOOCS/SWAYAM/Coursera for various courses to enhance their knowledge and skills.

## Farewell 2k23 Notice

All TF, NTF and students are hereby informed that we are organizing Farewell for Final year students of batch 2023 on **15 April 2023**. College timing on **15 April 2023** will be from **11:00am to 7:00pm for faculties and 11:00am to 5:00pm for students of first year and second year**. In accordance with this, we will be having the lecture schedule for first year, second year and third year, on 15 April 2023, as follows:

Lecture no.	Timing
1	11:00am to 11:50am
2	11:50am to 12:40pm
Lunch Break	12:40pm to 1:20pm
3	1:20pm to 2:10pm
4	2:10pm to 3:00pm
5	3:00pm to 3:50pm
6	3:50pm to 4:40pm

**There will be no classes for final year on 15 April 2023.**

Buses will start in the morning from first stop at 10:00am. Buses will leave at 5:00pm for first and second year. Buses for third year and final year will leave the campus at 8:00pm and drop the students at Deonagar.

**Third and final year students with no bus pass can avail the bus facility only on 15 April 2023.**

## Skill Development schedule for second year 2021-22

### Department of Computer Engineering

Objectives: -- To make students ready with the knowledge of programming language python and some web designing languages which is useful for various applications also to train students in coding for industrial approach.

About Python: Python is an interpreted, object-oriented, high-level programming language with dynamic semantics. Its high-level built in data structures, combined with dynamic typing and dynamic binding; make it very attractive for Rapid Application Development, as well as for use as a scripting or glue language to connect existing components together.

About Web Designing Concepts:- How Drupal is different from an HTML website in that a person developing a Drupal site makes design and structural choices from menus rather than working directly in the HTML, CSS and JavaScript code. To a person visiting your site it will look or function as any other web site.

About Introduction to Competitive Coding:-To make students ready for competitive coding practice which will be helpful to them while placement in Industry. In this section all the important concepts of C language and there application problem definition will be taken.

### Skill development program Schedule

Sr.No	Date	Time	Faculty	Contents
Day 1	10/03/2022	11 am to 1 pm	Mr.Nakul Deshmukh (iBase Technologies )	Basic of Python
			Lunch Break	
	10/03/2022	2.00 pm to 3.30pm	S.Khamankar	Practice on given python problemby Mr.Nakul Deshmukh
Day 2	11/03/2022	9.30 am to 11.00 am	S.Khamankar	Introduction to web designing
Break 15 min				
	11/03/2022	11.15 to 12.30	S.Khamankar	Hands on practice
			Lunch break

## Report on Engineers Day Celebration

Maharshi Karve Stree Shikshan Samstha's (MKSSS) Cummins College of engineering for Women, Nagpur has organized the engineers' day on **15 September 2021**.

To celebrate the Engineers day various competitions were organized in online mode. Dr. B P Joshi, Principal CCOEW Nagpur guided students with their valuable words and asked students to explore various avenues to convert engineering ideas into product.

The Following competition was organized.

- **Skill sharing :**

To provide a platform to explore the skills in students, skill sharing event was Organized.

- **Poster presentation and Extempore Quiz:** To get the knowledge of advanced and future technologies, students were asked to participate in Poster Presentation and Online Quiz competition.

In poster presentation students have made the posters and presented the topic containing working and impact of that technology on society.

In Extempore Quiz 4 Videos on futuristic technologies were shown to students and asked them to solve the questions based on videos shown.

Total more than 100 students participated; the **winner**s of the competitions is as follow

- 1) Skill sharing:- 1)Aditi Bhalerao (5<sup>th</sup> Sem CE)  
2)Janhvi Meshram (5<sup>th</sup> Sem CE)
- 3) Poster presentation:- Neha singh(5<sup>th</sup> Sem CE)
- 4) Extempore Quiz:-1)Chahat Ahuja (2<sup>nd</sup> Sem CE)  
2) Rithika Nethi ((5<sup>th</sup> Sem CE)

We are thankful To Neha singh , Sidra Sheikh ( student coordinator) and and Prof Prasanna Mahankar, Dr Asha Gedam, Prof Abhilasha Borkar, Prof Amit Fulsunge (faculty coordinator) were taken the great efforts to make this event successful.

Herewith attached some glimpse of Engineers day.

Date: - 31-07-2019

Report on 5-Days Workshop in the Department  
On  
Arduino & Node MCU

Date: 09-12-2019 to 13-12-2019 (5 Days)

Time: 09:00 AM to 04:00 PM

Attendee: IV Sem & VI Sem Students

Workshop Coordinators: Prof. A. Baseshankar & Prof. S.S. Nimkar

Attendance: IV Sem- 17 ; VI Sem - 6

### Content:

<b>DAY 1</b>	Introduction to basic electronic Components
	Measuring the different electronic parameters
	Introduction to Simulation Software's for testing circuits
	Comparison of different development boards
<b>DAY 2</b>	Getting started with the Introduction to development environments
	Study of Arduino Development board & their types
	Downloading & Installing Arduino IDE
<b>DAY 3</b>	Starting with Node MCU
	Integrate Node MCU with Arduino IDE
	Blinking the LED
	Controlling the Stepper Motor Direction & RPM
<b>DAY 4</b>	Operating on Relays
	Controlling the Node MCU through ThingSpeak
<b>DAY 5</b>	Project
