Dear TPO, It has been long since we connected, hope you are doing well.

I need some important data from you to go ahead with ESD new batches, hoping for your co-operation for the same.

1. Full final placement data for last year ESD students in the format shared earlier (mentioning CTC and company name: this will be kept confidential)

Sr No Name Gender Email ID Branch number Fees lakhs) 10th % 12th % % date	Sr No	Student Name	Gender	Email ID	Branch	Phone	College	Total Family income (in lakhs)	10th %	12+h %	Diploma	Engg agregate till
---	-------	-----------------	--------	----------	--------	-------	---------	--------------------------------------	--------	--------	---------	-----------------------

2. For new batch ESD 22-23: 5th semester student's data

Milind Khanapurka Principa arve Stree Shikshan Sa College of Engineering f Hingna, Nagpur-441110.

- 3. Please note that fees and family income is mandatory information as we need it for analysis, this will be kept
- 4. Tentative date in July-Aug to conduct first Online assessment for ESD selection for 5th semester students.
- 5. English questionnaire video to be prepared and shared please find the other document with this email. Students should be ready with video links google drive or youtube link.

Please consider this on priority and get back to me by Friday, 8th July. We will be considering your college for new batch only if we get all the above mention data from your end within time.

Thank you,

Report On

Skill Development Program in Odd semester (2022-2023)

The Cummins College of Engineering for women's Nagpur, Computer engineering Department, organized a three days (18 hrs) workshop on Full Stack Development from 1st August to 3rd August 2022 by **Dr. Aniket pingley** (Director of Ekvira Academy). This Training was organized for 3rd and 4th year students to make students ready with the knowledge of three important concepts of Full Stack Development. In this session, three important concepts such as Javascript, React JS and Node JS were taken successfully by Dr. Aniket pingley.

To enhance the skills of the students in full stack development and to make them ready for placement activities, this session was organized for the benefit of 3rd and 4th year students. Total 72 students from third year and final year get benefited by workshop on Full Stack Development.

On 4th of August, the department has organized a session on How Data Science can be chosen as career by Mr. Sandip Aparajit (Principal Data Science Manager – Microsoft Corp.) for 3rd students to make them aware of Data Science concepts and its importance as a career followed by Q/A session. Total 30 students from third year get benefited by this session.

On 4th of August, the department has organized an online session on Cloud computing technology by Mr. Suraj Bhatnagar for 3rd and 4th year students to make them aware of cloud computing technology and its services and how to get certified in AWS and which types of courses are available and its importance followed by Q/A session. Total 60 students from third year and final year get benefited by this session.

On 4th of August, the session was conducted by **Prof. Pinky Gangwani** on Python for 3rd and 4th year students to make them aware of Python technology and basic concepts of python such as Lists, Arrays, For loop and Strings. Total 20 students from third and 4th year get benefited by this session.

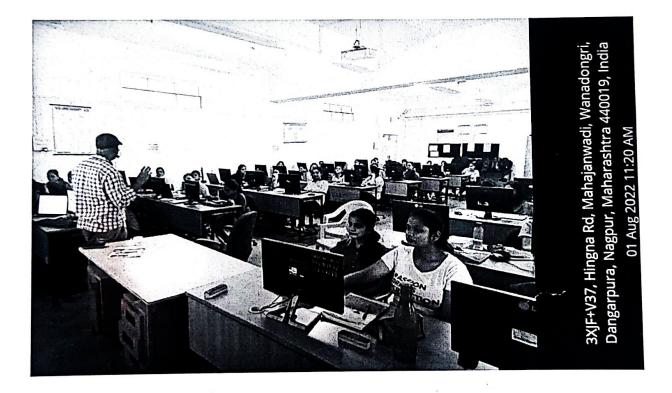

On 5th of August, the session was conducted by **Prof. Sharayu Deote** on methods of data collection for software development, activity session and discussion on problem statements for mini project for 3rd year students to make them aware of activities about project development and its importance. Total 25 students from third year get benefited by this session. Also, test is given to the students on the React JS by Dr. Aniket Pingley.

Dr. Milind Khanapurkar Principal Maharshi Karve Stree Shikshan Sanstha's Cummins College of Engineering for Women Hinnna Napur-441110.

On 6th of August, the morning session was conducted by Ms. Rasika bakre on python basics for ML, data science libraries, data analysis and model building process and deployment of model on localhost using Django. Total 20 students from third year get benefited by this session.

On 6th of August, the afternoon session was conducted by Ms. Ananya Gupta on creating a full stack development using MongoDB, ExpressJS, ReactJS and NodeJS, perform CRUD operations and create React frontend and connect it to the backend. Report On

Skill Development Program in Even semester (2022-2023)

The Cummins College of Engineering for women's Nagpur, Computer engineering Department, organized a three days (18 hrs) workshop on Advance SQL from 23rd January to 25th January 2023 by **Ms. Bharti Kungwani**. This Training was organized for 3rd and 4th year students to make students ready with the knowledge of all important concepts of Database Management System using Postgre.

To enhance the skills of the students and to make them ready for placement activities, this session was organized for the benefit of 3^{rd} and 4^{th} year students. Around 50+ students from third year and final year get benefited by workshop.

On 27th of August, the session was conducted by **Prof. Supriya Gupta** and **Prof. Pinky Gangwani** on Journal / Conference paper writing skills for 3rd and 4th year students to make them aware of writing skills required to publish paper in Journal / Conference.

Schedule Of a Four Days Skill Development Workshop On <u>ROBOTICS</u>

(23/01/2023 to 27/01/2023)

Semester: 6th & 8th Sem ETC

Time Duration: 9.30 am to 3.30 pm, 26/01/2023 will be holiday

Name of the Coordinator: Dr. Jitesh Shinde

Experts for the Workshop will be from Admire Tech Vision LLP, Nagpur

Registration Link: https://forms.gle/5QhkAuw1cSvyZpqW8

Workshop Content Day Wise as Received from The Company

Day1

• Introduction to Robotics, DC Motor, DC Motor in Robotics, Characteristics of DC Motor, Operation of DC Motors, Applications of DC Motors

Day2

• H-Bridge IC for Interfacing DC Motor, Practical Exposure with C Language coding

Day3

• Servo Motor, What's a Servo? Types of Servos, how does servo work? Servo Motor Applications, Practical Exposure with C Language coding

Day4

• Stepper Motor in Robotics, its types, operation, IC for Interfacing Stepper Motor, Application & use, H-Bridge IC for Interfacing Stepper, Practical Exposure with C Language coding, Test based on Robotics, Topic Distribution for Mini-Project

PROCEEDING & COMPLETION REPORT ON

A Five Days Skill Development Workshop on "MATLAB & SCILAB"

22nd to 26th August 2022

The Department of Electronics & Telecommunication (ETC) Engineering, Cummins College of Engineering for Women (CCoEW), Nagpur, Maharashtra organized A Five Days Skill Development Workshop on "MATLAB & SCILAB" for the students of second year on 22nd to 26th August 2022 at DSP lab (Wing A, Room no.20).

The workshop provided the insight about the following concepts:

- Introduction to MATLAB
- Creating matrices and arrays
- Graphics
- Programming in MATLAB
- Introduction to FOSS: Scilab
- Introduction to Xcos
- Introduction to Digital System Design using Xcos

Experts for Workshop:

- 1. For MATLAB (22nd to 24th August) : Mrs. Saroj Sahu, Assistant Professor, ETC Department, CCoEW, Nagpur
- For Scilab (25th to 26th August) : Dr. Jitesh Shinde, Associate Professor & Head, , ETC Department, CCoEW, Nagpur

The further details of workshop as follows:

The workshop was organized with following objectives & Outcomes: **Objectives**:

- To equip /train the student with the necessary skills and knowledge which are required in industries
- To facilitate the progression of students to higher level of education and/or towards employment
- To make student explore how the learning becomes easy with different CAD tools and programming languages

Respected Sir,/Ma'am

Greetings from Rubicon!

It is my pleasure to introduce **Rubicon**; **Rubicon** was conceived with a dream of a world where every youth has the power to transform lives for themselves and others around them. We strongly believe that every youth has the potential to make a difference in their personal lives as well as the community around them. We build competencies, which would help youth seek careers and prosper in their career of choice. We bring excitement into learning by developing and harnessing their curiosity and intrinsic motivation for learning.

Rubicon's "Lifeskills" Program, supported by Barclays aims at improving the employability skills of the youth. This initiative is supported by Barclays. Under this program, students will be trained by Corporate Trainers to enhance their Life skills which would help them significantly to increase their chance of succeeding in a job interview. This program is being launched with limited no of colleges in India.

We are looking forward to partner with your institute and plan to run the below initiatives:

1. **24 hrs. classroom training on Interview Skills (Details mentioned below).** Due to lockdown this is divided into two parts – 18 hours virtual and 6 hours classroom training. 18 hours of virtual training will be delivered by a Corporate Trainer using Zoom/Webex as a platform – training will be conducted 2 hours per day for 9 days. 6 hours of face to face training will be done once the lockdown is lifted and before the campus placement starts.

2. Industry visit of students to various organizations.

3. Post Placement Mentoring and Career Counselling support to placed students for one year.

In Life Skills training, we will be covering the below topics:

- 1. Organizational Structure
- 2. Public Speaking
- 3. Presentation Skills
- 4. E-mail Etiquette
- 5. Grooming
- 6. Group Discussion

1/13/24, 3:47 PM Cummins College Of Engineering for Women Mail - Lifeskills Online Training - Cummins College Of Engineering For Women, ...

- 7. Personal Interview
- 8. Assessment will be conducted on Group Discussion and Personal Interview.

Note: We would like to clarify that neither the student nor the college is required to pay anything for this program.

If you are interested in our program, please share a confirmation mail along with the tentative count of the students. We train students of all departments from pre-final and final year.

Thanks and regards Kannupriya Saxena Specialist In Business 9116423450

Respected Sir,/Ma'am

Greetings from Rubicon!

It is my pleasure to introduce **Rubicon**; **Rubicon** was conceived with a dream of a world where every youth has the power to transform lives for themselves and others around them. We strongly believe that every youth has the potential to make a difference in their personal lives as well as the community around them. We build competencies, which would help youth seek careers and prosper in their career of choice. We bring excitement into learning by developing and harnessing their curiosity and intrinsic motivation for learning.

Rubicon's "Lifeskills" Program, supported by Barclays aims at improving the employability skills of the youth. This initiative is supported by Barclays. Under this program, students will be trained by Corporate Trainers to enhance their Life skills which would help them significantly to increase their chance of succeeding in a job interview. This program is being launched with limited no of colleges in India.

PROCEEDING & COMPLETION REPORT ON

A Five Days Skill Development Workshop on "MATLAB & SCILAB"

22nd to 26th August 2022

The Department of Electronics & Telecommunication (ETC) Engineering, Cummins College of Engineering for Women (CCoEW), Nagpur, Maharashtra organized A Five Days Skill Development Workshop on "MATLAB & SCILAB" for the students of second year on 22nd to 26th August 2022 at DSP lab (Wing A, Room no.20).

The workshop provided the insight about the following concepts:

- Introduction to MATLAB
- Creating matrices and arrays
- Graphics
- Programming in MATLAB
- Introduction to FOSS: Scilab
- Introduction to Xcos
- Introduction to Digital System Design using Xcos

Experts for Workshop:

- For MATLAB (22nd to 24th August) : Mrs. Saroj Sahu, Assistant Professor, ETC Department, CCoEW, Nagpur
- 2. For Scilab (25th to 26th August) : Dr. Jitesh Shinde, Associate Professor & Head, , ETC Department, CCoEW, Nagpur

The further details of workshop as follows:

The workshop was organized with following objectives & Outcomes: **Objectives**:

- To equip /train the student with the necessary skills and knowledge which are required in industries
- To facilitate the progression of students to higher level of education and/or towards employment
- To make student explore how the learning becomes easy with different CAD tools and programming languages

• To encourage project-based learnings using FOSS to ensure to certain extent engineering education weathers the storm of future crises

Outcomes:

- Exposure to open source tool & Industry sign-off tools
- Able to do projects in Electronics & Communication Engineering
- Knowledge & skills to use in FOSS tools may ensure to certain extent engineering education weathers the storm of future crises

Department of Allied Science Orientation Program Report 2022-23

Orientation program conducted at the beginning of the academic year is an effort from our part to fill in the gap that exists between the shared knowledge of students at the entry level.

The orientation is conducted in line with AICTE program policy, every year before the commencement of the first semester classes.

The contents of the orientation program are framed in such a way that equal importance is given to both Engineering discipline and personality development. This will help the students to have a smooth transition to the Engineering course. The sound grasp of the fundamentals of the engineering subjects lays the strong foundation for the entire four-year programme.

The main objectives of the program are:

- Make the students feel comfortable in the new environment.
- Allow them to explore their academic interests and extra-curricular activities.
- Reduce competition and make them work for excellence.
- Promote bonding within them.
- Build relations between teachers and students.
- Give a broader view of life.
- Build character.

The take aways from the sessions are:

- To learn The valuable skills
- To know the rich legacy of MKSS Samstha and Cummins company
- To be Physically fit and emotionally strong
- To get familier with the college/departmental environment.
- To develop self-confidence
- To recognize and appreciate team efforts
- To learn any art form Madhubani Art

Department of Allied Science Schedule of Orientation Program 2022-23

Department of Allied Science had organized the Orientation program for the Academic year 2022-23. It **is** conducted in two phases. The first phase started from 19th September to 30th September and the second phase of Orientationprogram started from 3rdNov till 17th Nov. 2022.

The First Phase "Prarambh" started from (19th Sept to 23rd Sept)

Daily meditation and Yoga sessions were conducted by 2nd year students. Guidance on basic Mathmatics was conducted by the faculty of Allied Science department. Importance of communication Skills in technical education was taken during the sessions.

From 26Sept. to 30th Sept, Applications of physics, applications of chemistry and guidance on basic Mathmatics was conducted by the faculty of Allied Science department. Sessions on fun games were arranged.

From 3rd Oct.to 7th Oct, Applications of physics, applications of chemistry was conducted by the faculty of Allied Science department. Sessions on Universal Human Values and fun games were arranged.

From 10th Oct.to 14nd Oct, Guidance on Communication Skills, Basic Mathamatics, applications of physics and outdoor games were arranged.

Second Phase "SRUJAN" started from 3rd Nov. to 5th Nov.22,

The week started with information about Life and Works of Maharshi Dhondo Keshav Karve and Intoduction about the MKSSSamstha.Importance of Student Orientation Program, Information about Cummins Company and Cummins College of Engineering For Women, Nagpur. A Guest session on Adolesent nutrition Health and emotional aspects was arranged. 3days workshop on Future of Engg. in IOT, IIOT,Ind.4.0 was conducted. Computer added design using creo software and additive designs using 3D Printer were conducted.Informative sessions on various professional clubs like IEEE, ED Cell, Incubation cell and NSS activities of the college were conducted.

From 8th Nov.to 12th Nov, under "SRUJAN", Informative sessions on various professional clubs like ISTE, GDSC, Talking Titans, ASM, UBA, Activites under CSI membership and other departmental activites were explained. 3rd year student conducted two days workshop on basics of coading. Trics of Vedic maths and Universal Human Values were conducted. A special session on Ygasana and its

applications in daily life with practicals was arranged. Guest session on Avifloral Hinger, Hinger, World, an insight in plantation and conservation was the attraction of the week.

IOTAT b. Dr. Milind Khanapurkar Principal Maharshi Karvo Stras Shikshan Sanetha's Summins College of Engineering for Women Mingra, Nagayu-441110. **From 14th Nov.to 17th Nov** under "SRUJAN" The skills development week, three days workshop on MadhubaniArt for beginners was conducted by the renowned Artist of the city. Students learnt the traditional form of art in this workshop. Information about Training and Placement Activites were explained. A workshop on MS Office- Excell and its applications were conducted. A special session on Cyber Security was conducted by PSI of the town. Sessions on Types of Thinking, Power of knowledge, Mind mapping, Transactional Analysis, Universal Human Values, Importance of all the subjects and Why Mechanical Engineering? were conducted by faculty of the college. To identify slow learner and fast learner tests were conducted during the orientation program. Information about Library facilities and registration, How to prepare for scholarship exam was conducted by the incharge of the process.

The last Session was the "Open Up Session" each student presented their talent by performing in various activities like singing, dancing, painting. Some students expressed their personal views about the programme. At the end of each session Student's feedback were also collected. They expressed satisfaction and wished to have more such informative sessions through out the year.

Department of Allied Science Report: **Avi floral world, an insight in plantation and conservation** (By Mr.Nitin Marathe & Dr. M.Badge on 10/11/2022)

Allied Science department of Cummins college of Engineering for women, Nagpur arranged a guest session on Avi floral world, an insight in plantation and conservation for First year students in Student's Induction program. The awareness session was conducted by Mr. Nitin Marathe and Dr. Manas Badge, on 10th Nov 2022. The session focused on importance of tree plantation and its conservation. Mr. Marathe imparted the knowledge of bird plant relationship and its importance. He explained, when we plant a tree, we are not only planting a sapling but also hoping for the best. We have learned the hard way that trees are critical to our survival. We began by deforesting the earth to make room for more buildings. Later, when we saw the environment deteriorating, we were introduced to "afforestation," a simple process of planting more trees for a better future. Trees are essentially human and other living organisms' livestock. They have unconditionally provided us with food, oxygen, and a variety of other necessities for human survival, such as shelter, medicines, tools, and so on. Despite their rich values and importance, trees are still not properly cared for. They are cut down, eradicating all forms of life in the surrounding area. More than 40 students attended the session. The awareness session was appreciated by students. Prof. R. Deshpande was the co-ordinator of the program.

Department of Allied Science Report: Seminar on Cyber-crime and Cyber Security 17Nov.2022 By PSI Ms. Amruta Somwanshi

Allied Science department of Cummins college of Engineering for women, Nagpur organized a special awareness session on Cyber Crime and Cyber Security for First year students in Student's Induction program. The session was conducted by PSI madam Ms. Amruta Somwanshi and the team of cyber security department of police, **Hingana Nagpur**. The session was conducted on 17th Nov 2022 at Cummins college of engineering for women, Nagpur. The key takeaways from this seminar were.

Increased awareness: The students gained a better understanding of the importance of cybersecurity and ethical hacking, and the risks associated with cybercrime. This will help them to be more vigilant and take appropriate measures to protect their personal and professional information.

Improved knowledge: The seminar equipped students with the knowledge and skills required to implement effective cybersecurity measures and defend against cyber threats. They learnt about the latest tools, apps and techniques used by hackers to identify vulnerabilities and mitigate risks.

Enhanced security: By implementing the strategies and recommendations provided in the seminar, participants would be able to enhance the security of their systems and networks.

PSI Ms. Amruta Somvanshi and her team explained various topics relating to cybercrime, cyberlaws, hacking, spamming, android hacking, social media its advantages& disadvantages and gave students' knowledge about various tools involved in hacking. She also gave relatable real-life examples about how people have been affected by hacking and other cybercrimes. She cautioned the students and explained to them about various measures they should take to safeguard themselves from such cybercrimes.

The session was indeed useful and informative for students as they gained knowledge about topics that they were not really exposed to in their life. More than 40 students attended the sessions. Prof. R. Deshpande was the coordinator of the SIP.

Along with many modules "Universal human values" is emphasized to be discussed with the students.

Objectives of the workshop on UHV

- To help the student to see the need for developing a holistic perspective of life.
- To sensitize the student about the scope of life individual, family, society, and nature/existence
- Strengthening self-reflection
- To develop more confidence and commitment to understand, learn and act accordingly.

The purpose is to help develop a holistic perspective about life. The aim of NEP 2019 to make "Just and Equitable society" is be achieved by imparting knowledge and skills with universal human values.

Methodology and Content

• A self-reflective methodology of teaching is adopted. It facilitates understanding through self-exploration. The dialogue starts between the faculty and the student.

• It opens the space for the student to explore his/her role (value) in all aspects of living – as an individual, as a member of a family, as a part of the society and as a unit in nature

• Through this process of self-exploration, students can discover the values intrinsic in them.

Values are our guidelines for our success - our paradigm about what is acceptable. Human behaviour depends on the characters defining the identity, choosing the values, and establishing the beliefs.

The speakers of the sessions were Prof. R. Deshpande, Prof.P. Gorantiwar and Dr. S. Bompilwar.

This workshop was aimed to help the student to see the need for developing a holistic perspective of life, to sensitize the student about the scope of life – individual, family, society, and nature/existence, to strengthening self-reflection and to develop more confidence and commitment to understand, learn and act accordingly.

The topics of discussion included were as follows.

Session 1 – Introduction and Overview, Basic Human Aspiration, Intensions & competence, Company, Happiness

Session 2 – Right Understanding, Natural Acceptance, Confidence, Relationships

Session 3 – Family Expectations, Prosperity, Competition and Cooperation, Competition and Excellence, Self and Body

Session 4 – Harmony, Four Orders (Material order, Plant order, Animal order, Human order), Gratitude

Session 5 - Panel Discussion and Reflections from participants

The students actively participated in all the brainstorming sessions of UHV.

The workshop was coordinated by Prof. R. Deshpande.

Department of Allied Science Report: Tricks of Vedic Mathematics (By Dr. S. Shastri 7th Nov. to10th Nov.2022)

Allied Science department of Cummins college of Engineering for women, Nagpur arranged 4-day workshop on Tricks of Vedic Mathematics from 7th Nov. to 10th November2022 for First year students in Student's Induction program. Vedic mathematics is the ancient system of calculation which was drawn from the Vedas between 1911 and 1918 in India. The advantage of Vedic mathematics is that it allows for uncomplicated problem-solving methods for difficult arithmetic problems and large sums. Our daily life entails numerous calculations involving basic functions such as addition, subtraction, multiplication, and division. For students to be acquainted with the nuanced techniques of calculation, a workshop was conducted by Dr. Sanjiwani Shastri. Students were keen to learn and seemed to have become enabled to calculate faster and more accurately by the end of the workshop. The workshop was coordinated by Prof. R. Deshpande.

Basics of Python and Web Designing

Skill Development Program in Even semester (2021-2022)

The Cummins College of Engineering for Women's Nagpur, Computer Engineering Department, has organized a 5 days skill development program for 2nd year students. To make students ready with the knowledge of programming language **Python**, **Web Designing Technologies** which is useful for creating various applications and to train students in competitive coding practice which will be helpful to them while placement in industry.

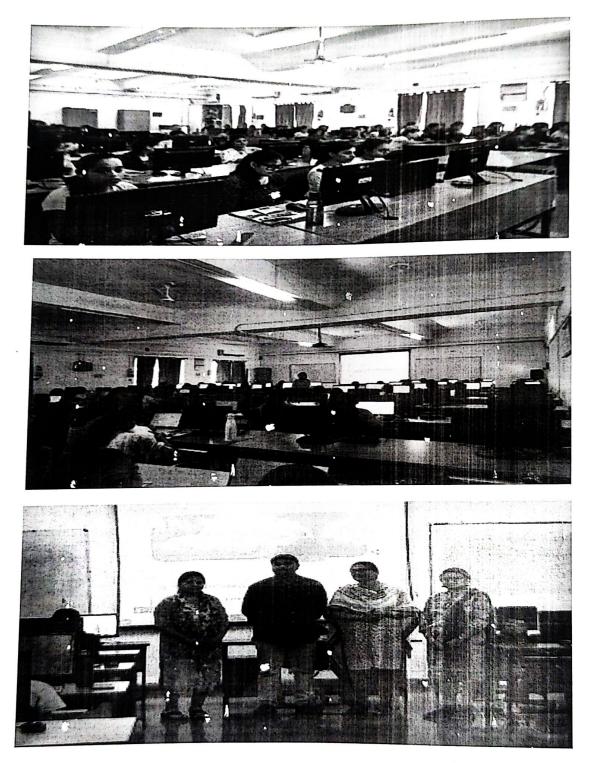

On 10th March Mr. Nakul Deshmukh from **iBase Technologies** conducted session in which all the outwards of Python was discussed and hands-on practice was taken on Python. On 11th and 14th March Prof. S. Khamankar and Prof. P. Gangwani trained students on Web Designing. In addition to this, Prof. A. Borkar takes a session on "Introduction to Drupal" which will be helpful for them to make websites in different modes.

On 15th and 16th March **Dr.Aniket Pingley Director of Ekvira Academy** trained students on Competitive coding. In this section all the important concepts of **C** Programming language have been taken like working with arrays of numbers, working with arrays of characters, problems related to Mathematics, Divide and Conquer approach, problems related to Sorting, introduction of Stacks and Queues and problems on Recursion. Total 68 students from second year get benefited by this skill development program.

Skill Development schedule for second year

Academic Year: -2021-22

Objectives: -- To make students ready with the knowledge of programming language python and some web designing languages which is useful for various applications also to train students in coding for industrial approach.

About Python: Python is an interpreted, object-oriented, high-level programming language with dynamic semantics. Its high-level built in data structures, combined with dynamic typing and dynamic binding; make it very attractive for Rapid Application Development, as well as for use as a scripting or glue language to connect existing components together.

About Web Designing Concepts:- How Drupal is different from an HTML website in that a person developing a Drupal site makes design and structural choices from menus rather than working directly in the HTML, CSS and JavaScript code. To a person visiting your site it will look or function as any other web site.

About Introduction to Competitive Coding:-To make students ready for competitive coding practice which will be helpful to them while placement in Industry. In this section all the important concepts of C language and there application problem definition will be taken.

Objectives: -- To make students ready with the knowledge of programming language 'JAVA' which is useful for verity of applications.

About JAVA: Java is a programming language and computing platform first released by Sun Microsystems in 1995. It has evolved from humble beginnings to power a large share of today's digital world, by providing the reliable platform upon which many services and applications are built. New, innovative products and digital services designed for the future continue to rely on Java, as well.

REPORT OF SKILL DEVELOPMENT WEEK

Mechanical Engineering department of Maharshi Karve Stree Shikshan Samstha's Cummins College of Engineering for Women, Nagpur successfully conducted Skill Development Week from 14th March to 19th March 2022 for second year students. Objective of skill development week is to inculcate soft and hard skills for overall technical development of the students. The Skill Development program was inaugurated at the hands of Mr. Ravindra Kinhikar, Director, Shree Industries Nagpur. He elaborated on hard and soft skills stressing on the necessity for improvement of personal development. Dr. Mahesh R. Shukla, HOD, emphasized on the importance of Skill Development for the filling up of Industry Institute gap. Dr. Bharatbhushan Joshi, Principal told students to focus on possibilities while solving any problem. Mr. Ambarish Pusadkar, Director, Erehwon Technologies, Nagpur illustrated skills required in manufacturing engineering. Mrs Sneha Mokal, Ark Info Solutions introduced the ANSYS and it's scope in professional life. She stressed on the importance of ANSYS in various mechanical fields and emphasized the new emerging trends. Prof. Vikram Dandekar of CCOEW elaborated the importance of the various parts of the four stroke, six and eight cylinder diesel engine as well as the performance of these engines at various

Dr. Shailesh khekale focused on the working of two wheelers and different foundry tools for making different sand molds at foundry shop of the college. Prof. Prasanna Mahankar explained various measuring units applicable in solving numerical problems and theorem. He conducted student activity in terms of measuring volume of some class rooms for practical understanding the calculation of volume of the air. Prof. Abhiji Getme conducted the implementation of 5 S with emphasis on tagging process. Prof. Yogesh Dandekar described various statistical formulas and technique s to analyze the numerical data sheets. Prof. Nikhil Bhave described the role of thermal engineering in industry and scope of job opportunities in thermal field. Prof. Aditya Kawadaskar explained various mechanical linkages and mechanism in 4 stroke diesel engines at work shop. He conducted student activity to find the type of mechanism in lathe, drilling and shaper machine.

Department of Allied Science Report: Road Accident Awareness webinar on Defensive Driving-Badhati ka Naam Gadi (28/12/2021)

A special webinar on Defensive Driving was organised at Cummins college of engineering for Women, Nagpur during First year student's induction program College of Engineering & Technology, Nagpur in association with Tata Strive, "Badhti ka Naam Gadi" on 28th Dec. 2021. This training program was conducted to create awareness on defensive driving to avoid accidents by anticipating situations, reducing road risks, and making safe driving decisions.

The training was conducted by Mr. Rajesh Wagh and Mr.Atharva Kathode, PRO & Project Head of Yuva Daud Manch. Through this webinar students were made aware of their personal responsibility and the need to be alert to human error when driving. The importance of safety equipment, psychological factors such as stress, fatigue, and road rage while driving were also discussed.

The Defensive Driving app was installed from play store by every student where a 24-module based course was played and every student had to attempt a quiz. A Tata Strive certificate which is signed by Mr. Nitin Gadkari, Minister for Road Transport & Highways will be provided to each student after completion of this course. The students found the session interactive and informative. The webinar was coordinated by Prof Rashmi Deshpande, department of Allied Science.

Department of Allied Science Report: Webinar on Cyber Security On 27Dec.2021 by Dr. Amruta Kandurwar

Allied Science department of Cummins college of Engineering for women, Nagpur organized a special awareness Webinar on Cyber Security for First year students in Student's Induction program. The Online session was conducted on 27th Dec 2021 by Dr. Amruta Kandurwar. The key highlights of the webinar were-

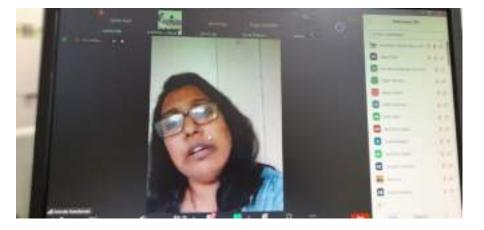

To create awareness: The students gained a better understanding of the importance of cybersecurity and ethical hacking, and the risks associated with cybercrime.

To Improve knowledge: The webinar equipped students with the knowledge and skills required to implement effective cybersecurity measures and defend against cyber threats. They learnt about the latest tools, apps and techniques used by hackers to identify vulnerabilities and mitigate risks.

Dr. Kandurwar explained various topics relating to cybercrime, cyberlaws, social media, its advantages& disadvantages and gave students' knowledge about various tools involved in hacking.

The session was indeed useful and informative for students as they gained knowledge about topics that they were not really exposed to in their life.

More than 50 students attended the sessions through an online platform.

Department of Allied Science Report: Webinar on Mental Health of College Students On 28Dec.2021 by Ms. Prerna Patil

Allied Science department of Cummins college of Engineering for women, Nagpur organized a special Webinar on Mental Health of College Students in Student's Induction program. An exclusive webinar was conducted on 28th Dec 2021 by the psychologist Ms. Prerna Patil.

The speaker started with an activity in which the participants had to become aware of the surroundings around them. She explained how being aware in the present moment can cut our association with the negative thoughts related to the past and anxious expectations of the future which can further lead to experiencing the present moment with full awareness. Further she explained what mindfulness really means and explained it with a couple of examples. She also mentioned the various benefits of practicing mindfulness, advantages of practicing mindfulness regularly and its impact on mental health. The session was highly appreciated by students.

More than 50 students attended the sessions through an online platform.

Department of Allied Science Report: Tricks of Vedic Mathematics (By Dr. S. Shastri 27th Dec. to 30th Dec.2021)

Allied Science department of Cummins college of Engineering for women, Nagpur organized 4-day sessions on Tricks of Vedic Mathematics from 27th Dec to 30th Dec.2021 for First year students in Student's Induction program. Vedic mathematics is the ancient system of calculation which was drawn from the Vedas in India. By using Vedic maths, the problems are solved mentally with the use of few or some of steps which increase accuracy and reduces mistakes. Through the application of the sutras, it ensures both speed and accuracy and enhances computational skills. It is strictly based on rational and logical reasoning. It helps students apply the sutras, which improves intuition. The sessions were conducted by Dr. Sanjiwani Shastri and coordinated by Prof. R. Deshpande.

Department of Allied Science Report: Webinar on Maha Metro & its Connectivity by Mr. T.Manoj Kumar Daniel on 23Jan.2021

A special awareness webinar on **Maha Metro & its Connectivity** was organised on 23Jan2021 during First year student's online induction program. The webinar was conducted by Mr. T. Manoj Kumar Daniel, DGM-MMI/TP, Nagpur through Google meet. The webinar was conducted to create an awareness about Maha Metro and its connectivity how it offers various transportation facilities to help students and general people.

Through this webinar students were made aware of the various facilities offered by MAHA METRO. Students were also informed about the student's concessions and how MAHA METRO offers special schemes to celebrate your birthdays or any Special occasions in Metro. The session was appreciated by students.

The webinar was coordinated by Prof Rashmi Deshpande, department of Allied Science.

Note

Training and Placement cell for the academic year 2020-21 wish to execute following training/activities for our students.

- a) Soft skills training by Neuflex Talent Solutions Pvt. Ltd. is beneficial to students in terms of performing well during campus recruitment. There is improvement in confidence level of the student after attending all the sessions. This training is sponsored by Cummins India Limited under CSR.
- b) Aptitude training by Manmaths Academy is useful to perform well in Aptitude section of company selection process. Every year we provide 60 hrs of training to third year students. This training is sponsored by Cummins India Limited under CSR.

To do practice on the covered topic or section students register for online portal given by Manmath sir. It will help students to perform well in each section. The cost of this practice tests is drawn by students.

- c) AMCAT Tests by Aspiring Minds is for the assessment and to generate opportunity. Many companies use the highest score for shortlisting and this score is valid for 1 year. Assessment 3 tests are for third year students and placement assistance 3 tests are for final year. It will help third year students to give mock test of the company and assess theme self. Student will get a detail report of 21 pages for all three tests. The cost of this practice tests is drawn by third and final year students.
- d) Employability skill development program by ZENSAR RPG Foundation is an activity under CSR. Activity is for third year students. Last year 40 students of CE and ETC were shortlisted by ZENSAR for ESD. The appointed trainers train the students on different technologies. Some aptitude topics and soft skills are also the part of ESD. ZENSAR will also consider these students for the campus recruitment if there is campus recruitment plan. The benefit to students is that they will get technical corporate trainer.

The trainer and travelling cost is drawn by ZENSAR RPG Foundation. College shall bear cost of accommodation and food for trainer given by ZENSAR RPG Foundation.

The details of above proposed training/activity is given in below table.

Dear All

Dear Sir

As per our discussion in the departmental meeting kindly suggest the topic for online skill development Points for an online skill development week

1) Separate topic for 2nd, 3rd, and final year.

2) If you think the topic can easily understand by all semesters then it may be the same for all semesters also.

3) External industry experts are also welcome (separate for all semesters). The remuneration policy will be conveyed to you after the discussion with AC.

4) It is the responsibility of the concerned faculty to Provide the name of the external industry person /topic/date/time etc. well in advance for proper scheduling of his class.

Topics Covered

- Day 1 (21 Jan 2021) Task Conducted BY Prof. Vikram Dandekar Two Stroke Engine

 - Four Stroke Petrol Engine
 - Four Stroke Diesel Engine

Day – 2 (22 Jan 2021) Task Conducted BY Sushil Lanjewar

- Additive Manufacturing
- Fused deposition
- Autocad
- Aha 3 D printing

Day – 3 (25 Jan 2021) Task Conducted BY Dr. Shailesh Khekale

- Define casting problem
- Work study
- Method study
- Ineffective time calculation

Day - 4 (27 Jan 2021) Task Conducted BY Prof.Abhijit S. Getme

- Patent
- Copyright
- Trademark
- Geographical patents
- Patent filling

Day - 5 (28 Jan 2021) Task Conducted BY Prof.Yogesh Dandekar

- Manufacturing of various parts
- Metallurgical inspection process
- TGA

Day - 6 (29 Jan 2021) Task Conducted BY Prof.Aditya Kawadaskar

- Part Drawing
- Drawing Reading
- Symbols identification

DEPARTMENT OF ELECTRONICS AND TELECOMMUNICATION

Report of the workshop on

BASICS OF ELECTRONIC COMPONENTS AND CIRCUITS

SUBMITTED BY

CHAITALI JERPOTWAR

ANKITA SHEWALE

WORKSHOP DATE:24.06.19-27.06.19

WORKSHOP PLACE: ETC DEPARTMENT

The Electronics and Telecommunication Department had conducted a workshop for the 2nd year ETC students from 24-27 of June 2019 in the Electronic Circuits and Devices Lab and Electronics Workshop. On day 1, we were introduced to the different electronic components like resistors, capacitors, inductors, diodes etc. We were explained about each component in detail. We were taught the "color coding" for calculating the values of resistances. We were briefed about different electronic components by Mrs. Sandhya Waghmare. We were also introduced to the multimeter which helped us in taking readings of various electronic components.

We used a breadboard for glowing a LED by using different electronic components. We had a hands on experience of the Aplab Dual Trace Oscilloscope (CRO). We measured the amplitude and frequency of the DC and AC signal. We also studied about the different Lissagious patterns generated for the different electronic components. The hands on experience on a Digital Storage Oscilloscope was also of great help for studying the different waveforms. At the closure of the day we also learnt about the LCR meter which measures capacitance, resistance and inductance.

Day 2 started with studying about the transistors and how they work. We also learnt how to take readings on the multimeter by learning about the different conditions in which they are connected to the multimeter. We learnt about the potentiometer and how to use it in a circuit. At the end of the day we were introduced and were briefed about the relays which are the electrically controlled switches.

On day 3, we were given a task of making a circuit on the breadboard using transformer, rectifier and regulator for glowing a LED. The positive and negative voltage series regulators were provided to each group consisting of 3 students. Later we were also briefed about the transformer its principle, its construction, its working and how it has to be connected in a circuit on a breadboard for glowing the LED by Mr. Ajay Tinguria. We were taken to the ETC workshop for performing above task.

On day 4, we were taught about soldering and de-soldering different components on the PCB. We were given a task of first de-soldering the different components on a PCB and then again soldering those components on their proper positions. We were divided in a group of 3 students and each student in the group had to perform the task.

Then we were guided by our final year seniors Ms. Minjee Majumdar, Ms. Shrenika Bachuwar, Ms. Priyanka Parate, Ms.Purva Hedaoo, Ms. Nikita Ambadare for designing a PCB layout on the Express PCB software. We also learnt about what is a PCB and about the whole process involved in making the actual PCB after designing on the software.

At the end of the day the workshop for the 2nd year ETC students ended with the detailed discussion, student feedback and high tea. The workshop was of great help to the students as it cleared all the basics concepts and doubts and it built a level of confidence in using the different components and circuits.

To, The principal Cummins CoEW, Nagpur

Sub: MobiuSutra last payment sanction

Dear Sir,

Cummins College of engineering had placed work order to MobiuSutra Consulting Pvt. Ltd. of third year 85 students for soft skills training. MobiuSutra executed the ten sessions (total 50hrs) as per work order and send the last invoice invoice of Rs. 2,00,600/-. The student's feedback about training was excellent one and students are more confident and interactive now. This training will definitely help during campus recruitment drives.

I kindly request you for approval of above payment for future relationship.

Thanking you.

meRaut.

Summary of student written Feedback-

Feedback about training	Number of students	
Excellent	8	
Very good	24	
Good	34	
Average	9	
Poor	1	

We took oral feedback of few students in front of all on last day and maximum were said about their confidence level is improved. Few students have completed online technical courses and added it in their resume. They also appreciated content in each topic covered. Student feedback about sir is excellent public speaker and motivator. We also observed that few students who were not participated in activities till 6 sessions and suddenly started participating in activities and mock interviews. Right now we don't have improved confidence level test as such but we can ask the students about any change in confidence after training.

SOLAR PANEL INSTALLATION AND MAINTENANCE TRAINING PROGRAM

19 JUNE TO 25 JUNE 2018

26 June 2018

Four day workshop on Solar Panel Installation and Maintenance was conducted by Maharashtra Center for Entrepreneurship Development (MCED) in E&TC Department. The workshop was planned for 2nd and 3rd year students.

Day 1: 19/06/18

On the first day of workshop, there was introduction to solar power system which included the need of solar power system, its advantages and disadvantages. Students also learned about the risks & challenges in this sector, the employment & business opportunities and government policies to promote the installation of solar power plants. Further, students studied about the important terms & devices used in the solar power plants. They include MERC netmetering criteria, solar energy, business ecosystem, grid system, solar PV system & their types, solar cells & their types, types of inverters, solar spectrum, irradiance, solar isolation and solar constant.

Day 2: 20/06/18

On the second day of workshop, students were asked to bring our electricity bill for home, using which they calculated total number of units consumed, average consumption per day and of what ratings of power plant will be required if to install the solar panels. They took few examples to calculate the above mentioned parameters along with the representation of solar panels with other equipments. Further, they studied different types of grids & PV cell structures

Induction program Report 2018-19

The induction program for the Academic year 2018-19 was conducted in Cummins college of engineering in two phases. The first phase was conducted between 9th of July to 21st July 2018. The second phase induction program was conducted from 24th July to 30th July 2018.

In first phase of induction program there were classes for Mathematics , Communication

Mathematics professors Prof SnehaUttarwar&ProfP.Gorantiwar took the sessions for Mathematics.

The topics covered in Mathematics are

1) Matrices 2) Integration 3) Derivation were taken in the class. The test was also conducted at the end of phase one induction program.

Prof RashmiDeshpandetook the following sessions for Communication skill

1)Importance of Communication Skills in Technical Education 2) Functional use of English in Technical Education 3) Easy way to learn Grammar 4) Revision- Basic Grammar 5) Easy way to speak naturally & correct use of Linguistic Features. 6) Common Errors in spoken English 7) Formal writings Tips8) Practice- Formal writing 9) Formal speaking and presentation Tips 10) Fast reading techniques for better comprehension 11) Practice- Analytical reading and comprehension 12) Word Building Games

The last lecture was allotted to sports in which the students formed the teams of cricket and badminton and undertaken a match.

Yoga was taken by some senior students of the college. They were RudraniSapate, SayaliRathod. They took Suryanamskar and pranayama every day. Some asanas in standing and lying down position.

Value education is important as far as the new generation is concerned and hence in value education is important for new entrants.

The two faculties have undergone training for Human values conducted by AICTE. They are Prof PravinGorantiwar and Dr.Shubhangi Bompilwar

The topics covered by Prof Gorantiwar with the help of PPT are as follows.

1.Harmony in Self
2.Harmony in Human Relations (a)Harmony in Family (b) Harmony in Society
3.Harmony in Nature
4.Harmony in Existence 5. What/Who causes the problems?
6.What is the need to Understand? 7.What is our basic Goal/Desire?
8.Difference in Animal and Human
The topics covered by Dr.Shubhangi Bompilwar are
1) Importance of Relationships 2) Gratitude 3) Competition and Co- operation

4) Teamwork through various activities, games and small stories.

Second phase orientation program was inaugurated by WgCdrVinaySagdeo,

Head Aerospace and defense.

The program is called "Parigraha". At the start of the program all faculties of first year was introduced by the students of third year to parents and students. DrSanjivanishastri in her presentation gave the information about the samstha and gave the updates on the last year activities in the college. She explained the paper paten, marking scheme, academic calendar and dos and don'ts for the parents and students.

Dr. Bhushan Joshi, Principal, Cummins College of Engineering for Women, emphasized the role of hard work and consistency in student's life. He rightly said that a stone can be converted into an idol only after hammering; the one should be ready to bear all the pain of hammering if he wants to be worshipped as an idol.

Mr. MilindKukde, Chairman, MKSSS Nagpur Project, presented a humble gratitude to all the parents and students for keeping faith on the institute and ensure them about the all-round development of the students.

Wing Cdr. VinaySagdeo, Head, Aerospace &Defence, Anand Group, Nagpur honored the event as a chief guest with his valuable presence. Paying tribute to visionary

MaharshiDhondoKeshavKarve, MrSagdeo urged new entrants to take the opportunity to participate in all activities for their all-round development. He appealed to students to come out of their comfort zone, have a wide vision, to do good things and to be happy always.

On the same day the students visited the library and enrolled themselves for library cards.

The day one was ended with Cancer awareness program by The Indian cancer society, Mure Memorial Hospital, Maharajbagh road, Sitabuldi. Indian cancer society is the society which is evolved in every area of cancer control. They gave the information to COMBAT DREADED DISEASE CANCER. A total of three doctors from the society were present for the program. In the presentation by DrYaminiAlshi gave the information about the types of cancers in women. The most common disease in women is breast cancer, cervical cancer and ovarian cancer. She also told me the importance of hygiene. She insisted on undergoing a regular medical checkup.

Prof Gargi Banergy gave a lecture on human values and professional ethics with the help of handmade displays. He told us about the importance of human values in our life. She also spoke about professional ethics and what is the importance of it in profession.

Dr Sanjivani Shastri told the importance of first year subjects in engineering. She told the engineer should use the knowledge of subjects like maths, physics, chemistry, electrical, mechanics and engineering drawing in developing technology and one should use the technology for the betterment of society by large.

DrRaginiMandlik gave a questionnaire which contains some questions based on the habits of hygiene and diet. She guided the students on personal hygiene and gave tips for dieting to students. She focused the students on the problems of adolescents and guided them. She also told how to overcome the emotions.

Prof YogeshDandekar took a session on memory sketch in which he taught the students to draw a sketch without the actual measurement.

Modern learning techniques were taught by Prof PravartanTatte

MrShrikantGadge discussed the carrier opportunities for engineering students after engineering. He told the students that the industry requirements may be different than a curriculum, but one must be industry ready, and college plays a very important role in it.

Prof S. Bhattaacharya took a class on Basic electrical engineering.

IETE / ISTE / NSS coordinators gave information about the activities of these professional bodies. They also told the benefit of it to students.

Prof Sharayu Deote took a session on logic building.

DrSmita Desai took the problem of adolescent and the problems and guided how to overcome it. She also answered the questions asked by the students.

Dr. Milind Khanapurkar Principal Maharshi Karvo Stree Shikshan Sanetha's Cummins College of Engineering for Women Hingna, Nagpur-441110.

Dr Sangita Phulsunge talked about the role model and Indian feminist role. What is the need for a role model. She also spoke on gender issues seen in society.

The orientation program ended with an open up session.

It was a one-hour program completely managed by students. In one hour, everyone was asked to show their talents to others. All faculties were present for it. Some students performed dance and drama. Some presented songs group and solo dance. A nice exhibition was arranged by the students on arts, paintings and handmade crafts. Everyone enjoyed the session.
