6.1.1 The institutional governance and leadership are in accordance with vision and mission of the institution and it is visible in various institutional practices such as NEP implementation, sustained institutional growth, decentralization and participation in the institutional governance and in their short term and long term institutional perceptive plan.

The college has set its vision in tune with Samstha's vision and objectives.

VISION: "Empowerment and enrichment of women professionals through education, innovative training of life skills and job skills for pioneering their entry in the latest technological areas and job domains; encouraging self-employment and through sensitizing awareness for women's issues in the society."

MISSION: "To develop technically and academically sound women professionals having strong work-ethics and good human-being characteristics."

The governance at the college is a multi-tier system with Samstha's management committee at top which oversees the organization's various departments and activities. The Local Managing Committee is composed of trustees, life workers, employee representatives, and elected members from industry and society. The LMC has native members who are empowered to take financial decisions in consultation with the principal of the college.

The Governing Council / College Development Committee of the college provide guidance and supports high-quality education in accordance with demands from industry, academia, and society. The Governing Council has representatives from management, RTMNU, industries, and the social sector. The principal serves as a member-secretary of the CDC together with the Chairman, GC, IQAC Coordinator etc as its members. Yearly CDCs meetings are conducted to assess the college's progress, approve various college activities, and authorize finance needs.

The authority delegation and fixing of responsibilities goes down the line from top to bottom with samstha's Management Committee at the top of pyramid and student stakeholders at bottom and policy executions runs from bottom to top. The college has well defined quality policy and

also monitoring system for execution of class assignments, social activities, mentor-student relationships, upkeep, result analysis, and corrective measures are all part of the administration of teaching and learning.

Decentralization and Participative Governance:

The institution's management, administration, finances, and academic issues are all managed using decentralized, transparent systems and processes. The general administration of the college is democratic style with the principal as leader of the team. The governance is executed through various hierarchical level function heads, department/section heads, the admin officers, account officers etc. Authority is provided in a decentralized manner to all with well-defined responsibility. The college has a 3-tier system for teaching-learning activities like Deans-Heads-faculty. The college has well defined portfolios which define the leader & team for a particular section/department/work head. The principal has formed several portfolios / committees for the decentralized governance like the examination committee, SAC, Discipline committee, anti-ragging, sexual harassment committee, SC-ST committee etc. The academic dean and heads together prepare academic calendar for smooth conduction of session under the guidance of principal and ensures execution of academic processes. The college has huge support from industries informally and formally through MoUs. The industry interactions also reflect institutional governance and the outcomes in the form of quality placements and internships.

At all the hierarchical levels the women empowerment is ensured like out of four Heads of the Departments three heads are female. Through democratic institutional governance the empowerment of women professionals is ensured to accomplish the vision of the college and samstha.

Sr. No.	Meeting Notes
1	Dr. Sanjivani Shastri welcomed all members and the minutes of the last meeting were discussed passed
2	All head of departments, presented the results of the winter semester exam of AY 2017-18 for their department.
3	Discussion was done on course end feedback
4	Weightage and target marks for CO-PO mapping were discussed.
5	Presentation for FS lab was given and discussion on FMS lab was done.

In light of above presentation following discussion took place

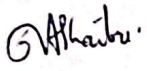

Discussion / Decisions	
1	<p>Shri Arun Kumar from CIL suggested the following</p> <ul style="list-style-type: none"> College should reach out to companies like TCS, HCL, Tech-Mahindra in MIHAN for more interaction and leverage proximity – Action TPO. College may arrange a one day workshop for project management tools for training faculties. He will suggest a resource person for PM tools. To prepare proposal mentioning the utility of FMS lab and to find which components can be designed and how will it be useful to students and industry. Course end survey should be analysed. Online survey may be introduced. College may look for ERP to get intelligent output out of analysis. MOOCs can be employed for teaching difficult subjects He appreciated look and content of the CCoEW Website and suggested that SEO may be taken up for preferential search.
2	Shri. Sudhakar Kunte suggested finding out different methods to improve marks of students in university exams. He also told to find out what is the use of FMS lab to industries in nearby locality.
3	Shri Milind Kukde suggested HoDs of ETC and Mechanical to approach HVDC Chandrapur, Koradi Thermal Power Plant and IEPL for Internship. HoDs to facilitate students should register before March at HVDC for internship.
4	<p>Principal sir suggested following –</p> <ul style="list-style-type: none"> He expressed major concern over low class average in all the results and suggested that all

- faculties should ensure proper T/L process as per given SoP for tutorials.
 - All faculties of ETC to visit more than 100 Electronics MSMEs that exist in Nagpur and develop a rapport with all of them.
 - He said that departments should take efforts for internship of their students. T&P department will only further facilitate and keep records.
 - He suggested all HoDs to ensure that the teaching and practical periods are completed in time so that students can go for ED activity on time. This was to ensure timely departure of buses from campus.
 - He requested ETC faculties to meet him for discussion on result of their department and to plan future activities to improve class average.
 - He also asked the HoDs to increase the standard of questions being asked in the college exams.
 - He directed Prf. Kedar Chimote to prepare a proposal for FMS lab and meet industry personal from BMA and MIDC to look for their requirement and prospective use by them.
- 5
- The discussion was done on CO_PO attainment sheet preparation and on target levels and the weightages for IE. These were frozen after discussion.
 - It was decided that from this semester onwards Sessional 1 and sessional 2 will be conducted instead of MTT and PUT to ensure proper and equal weightage is given for all CO in the IE. Sessional 1 shall have first 2/3 units from syllabus and sessional 2 shall be based on rest of them keeping exam pattern same.
 - Ms. Akshita Prasad suggested conducting more tests in a semester and quizzes on some topics.
- 6 As there were no more points for discussion, meeting was concluded with thanks to Chair and Lunch for all.

Action Points		Action for
Sr. No.		
1	Establish rapport with MSME to get seats for internships and motivate students for internship	All HoD
2	Contact HVDC and Koradi thermal power plant for internship	HoD ETC
3	Bench mark set for Course outcome attainment to be conveyed to all	All HoD
4	Reformation in internal exam to be conveyed to all	All HoD
5	Proposal for FMS lab to be prepared after taking EOI from industry	Prof. Kedar

4	The format for weekly report and monthly report was discussed and finalized.
5	As there were no further points for discussion the meeting ended with thanks to chair was concluded with lunch.

In light of above presentations, following points were discussed.

Discussion / Decisions	
1	All members appreciated achievement of NAAC Grade B++ Shri Arun Kumar made following suggestions – <ul style="list-style-type: none"> • Compare and study the SSR of various colleges those who have got better grades in the RTM Nagpur university • Departments should ask various industries for financial support as far as projects are concerned • Activity based learning is a good thing which is being done in teaching learning process. • Try to replace all the old computers with new so as to get the latest version • Make a clip if possible for all the ABL activities so that they can be referred afterwards. • An industry visit can be arranged for Students to Indore and Devas plant • Approach the newspaper agencies for complementary copies of newspaper • Give some incentives from library to various students and faculties to increase their footfall.
2	Shri. Milind Kukde suggested the following : <ul style="list-style-type: none"> • keep the old prints ,versions of electronic circuits on the stand in the various labs of ETC dept so that the students can see them at any time • He also asked HoD ETC to improve departmental library • He also insisted that the central library should be a place of attraction for all.
3	Shri Nitin Lonkar appreciated the concept of activity based learning. He suggested the following: <ul style="list-style-type: none"> • As far as R & D is concerned he is ready to provide all the necessary help • For internship college can approach Reliance power plant situated in Butibori • Students and faculties must explore industry exhibitions all over India
4	Shri Milind Apte gave the following suggestions : <ul style="list-style-type: none"> • Criterion 3 needs improvement. Number of publications should increase to get good score • He appreciated the ABL and said that this will give good results in future. • He gave a stress on in house building. He insisted to give small projects to students which can be used in the college. This will help reduce college budget. • He also told that it will be beneficial if the student go to various start-ups instead of bigger industries.

- 5 Principal, Dr. B. P. Joshi gave the following suggestions
- All faculties should start applying for grant in aid so as to meet the expenses of the project.
 - He asked HoD ETC to get MOU done with FAB-LAB in next one month
 - He asked HoD CE to discuss individually for the budget
 - He asked Mechanical department to think of the technology which will be useful in future and then plan for a lab. He gave the idea of e- vehicles. He said not to go for production of biodiesel.
 - He directed AO to take up a job of training all class four people and lab attendants on the refilling of cartridge.
 - Increase the e-content in the library; make use of videos, so that maximum students and faculties should undertake MOOCs. Make use of G-suit to send alerts to all about the registration of MOOCs. Entire library committee should work together and asked them to arrange for the completions for the promotion of the resources available in the library. He instructed Mr. Selokar to prepare an action plan for improvement of reading room.
- 6 As there were no other points for discussion, meeting was concluded with thanks.

---	-----------------------	----------------	-----

Discussion / Decisions

- 1 Principal suggested that there should be PTM after every exam on the same day of the display of the result.
- 2 Our college is hosting IEEE event "Ignite" on 28th and 29 Aug 19, informed Principal. All faculties should work for that. Nearly 300 students are expected to attend the program. There will be 15 to 20 lectures and eminent persons from industry will be called for conducting sessions. There will be competitions, expo panel discussions etc
- 3 Principal instructed to upload the Academic calendar on the website.
- 4 Sakhi mdam informed that the new lab will be ready by 15 June
- 5 Every class teacher will be responsible for proper shut down of projectors in the class rooms said Principal sir
- 6 Department wise load distribution was discussed in the meeting, Principal asked HoD ETC to discuss their load separately with principal.
- 7 Prof AB informed principal that they will take add on courses on IOT and Python for third year and final year and basics for second year students .Mech department has planned Engine tear down for final year, Lathe for second year and compression for 3rd year informed HOD. Prof Sakhi told principal that there will be Android, php and ML and DBMS workshops planned by the department. Principal asked each HOD to send a detailed schedule of skill development plan to him. They should also submit the detailed report of the program after execution.
- 8 Principal suggested to include report writing, office tools, literature survey, shortcuts for MS office in the skill development program.
- 9 Yoga should be planned every day for all students during skill development week and all HoDs should send their students for that. International Yoga day should be coordinated by Mech dept ,directed principal sir
- 10 Engineers day should be coordinated by CE dept, Cultural head should be from ETC dept, and the new cultural head should coordinate 15th Aug ,election, Dahihandi ,Garba etc for the coming year.
- 11 Those who have done Agile workshop should take a training session for all faculties in the college suggested principal sir.
- 12 There is a serious concern about the usage of library. It is observed that very few faculties and students use /visit library. They do not read the journals or books. Each department should make a list of journals for their department and they should conduct a seminar in which each faculty will share at least one paper from a journal on every Saturday . Every faculty should write about the paper/ book read by them in the monthly report.
- 13 Principal informed that there will be a program for signing of MOU in the city in the last week of June. There are 5 MOUs to be signed.
1). Dnyan Foundation, 2)FABLAB ,3)TCS, 4)ISSAC and 5)UNDP. All coordinators for that should come together to work for the program.
- 14 New cell is formed known as skill development in the college, informed by TPO

y should do NPTEL certification course. If a faculty got A grade and funded to the faculty by the college.

K. Milind
Dr. Milind Khanapurkar
Principal

Cummins College of Engineering for Women
Hingna, Nagpur-441110.

The meeting was continued on 11th June as some points were not discussed on 31st May due to shortage of time.

- 16 Principal asked that every department should plan student hour by taking some activity so that it will be helpful to sharpen their personality. Every SH lecture should be allotted to faculty who will conduct the activity on each day. All HoDs should take the measures on it.
- 17 Every HoD should give a proposal for STTP & project proposal from their department.
- 18 Time table from each department was discussed in the meeting and every HoD should send a time table to principal.
- 19 Principal asked HoD to discuss the result of backlog students separately with him.
- 20 All faculties must plan activities for LPTP which should be ready by next week & each monthly report should contain the executed activities, warned by principal sir
- 21 Every final year student and every faculty should write papers in Journal and also take efforts for patent.
- 22 Principal asked Prof RD to plan for orientation for first year students .

Action Points		Action for
1	Time table, load distribution, plan for skill development, proposal for STTP, report of skill development week & SH planning to be submitted to principal	All HOD
2	Updated Monthly report to be submitted to principal	Each faculty
3	Work for Ignite	All faculty
4	Conduct Workshop on Agile for all faculty	VR & AB
5	Register for NPTEL	All faculty
6	All MOU signing	All coordinators
7	Orientation program planning	Prof RD
8	Plan LPTP based on ABL	All faculty
