Respected Madams and Sirs,

An important update about the charges about this training.

During further discussions, the charges of these training were decided as follows

Basic Excel - Rs. 1000/- (Rs. 500/- from concerned unit & Rs. 500 from concerned employee)

Advanced Excel - Rs. 1500 (Rs. 1000/- from concerned unit & Rs. 500 from concerned employee)

(This bifurcation is made considering GST burden)

This employee's charges are to be paid towards Bhaubeej Nidhi against which the individual employee will get benefit of Income Tax exemption as per IT rules.

As per decision taken in CSD LMC, the amount due to be paid by the units to CSD is sent by CSD through their invoice to respective units.

Regarding the employee's training charges - which are to be paid to Bhaubeej Nidhi, all unit heads are requested to collect the same and remit the same to CSD as Bhaubeej Nidhi / or individual employees can remit to CSD as Bhaubeej Nidhi. The arrangement of online donation collection of Bhaubeej Nidhi, issuing the receipts etc. is already made at CSD.

Request you to do the needful.

Dear Library Administrator,

Greetings from IIT Bombay.

I am writing this letter to invite (1) your librarian and (2) your system administrator to attend a one day **Koha workshop**. This workshop will be conducted by IIT Bombay, through a remote centre at a location near you.

Koha is a state of the art library management software. It is open source software and hence one can use it free of cost. Koha allows total customization and complete control of library data at a fraction of the cost of a proprietary system.

Koha training is generally provided over a period of a few days at an expense of several thousand rupees. We offer the same training in one day at **a cost of Rs. 500**, using the award winning Spoken Tutorial methodology.

Participants will learn 'Koha' by listening to Spoken Tutorials and practising them on live 'Koha' software, at a Remote Centre conveniently located. There will be live interactions between the participants at the Remote Centres and Koha experts at IIT Bombay or IGNOU or both.

More details of the workshop are available here: <https://www.it.iitb.ac.in/lakshya/>

Interested participants can register themselves by visiting the above website. The last date for registration is 8 October 2018.

This workshop is organised under the aegis of the National Virtual Library of India, funded by the Ministry of Culture.

We look forward to your enthusiastic participation in the Koha workshop.

Regards,

Prof. Kannan Moudgalya
Principal Investigator, NVLI Project
