Dear Sir,  
Greetings of the day!  
Sir, we are always privileged to have great support from CIL and Cummins India Foundation in various ways. Cummins Nurturing Brilliance Scholarships is one of Cummins to our students for many years.  
Sir, as you are aware that we are now going for a new cycle of NAAC accreditation and for that purpose, we need specific data from Nurturing Brilliance Scholars mentors from Cummins who are constantly mentoring our scholars selected. We need this data for the last 5 academic years.  
Please arrange to send us this data or please provide the details of the contact person who can give this data to us.  
We are extremely sorry to trouble you for this.

Dear Sir,

Greetings of the day!

Sir, we are always privileged to have great support from CIL and Cummins India Foundation in various ways. Cummins Nurturing Brilliance Scholarships is one Cummins to our students for many years.

Sir, as you are aware that we are now going for a new cycle of NAAC accreditation and for that purpose, we need specific data from Nurturing Brilliance Scholars mentors from Cummins who are constantly mentoring our scholars selected. We need this data for the last 5 academic years.

Please arrange to send us this data or please provide the details of the contact person who can give this data to us.

We are extremely sorry to trouble you for this.

Thank you madam.

So far as distribution of laptops goes, we are completely aligned with advices from local leads ie in Nagpur yourself. We will accept this as your call, considering the COVID situation. Since machines are already with you, list of selected scholars too is with you, as per CCEW, N judgement pls proceed. Cummins wont have a role to play in distribution process. I have sent travel advisory to students ie when they commute to college etc. what care they need to take to safeguard against traffic hazards.

We will send a note to students to collect laptops from you on the 8<sup>th</sup>, 11 am under copy to you. Thank you for your help.

Rgds.

I seek your convenient dates when deg students can come to respective plants and pick up their laptops. I will provide you region-wise list of students, we need to obtain their signature acknowledging having received laptops.

Let me know dates and time suitable to you when students can come to you to pick up laptops.

Jamshedpur – time

I suggest keep the machines at the gates and avoid them entering the plant.

Ameet –

This year 2020-21, we already have laptops for BE students PAN India at the respective locations – we had done it proactively.

Its opportune time for students to have the laptops as online lectures and virtual education seems to be the main-stay. Do you think we can request students to pick up their laptops from respective locations – depending upon COVID lock down ? ie if post 1<sup>st</sup> May 2021, lock down is lifted, can students travel to our plants (as usual) and pick up their machines. Plants are running, our local leads are okay with this.

But I seek approval do we do this once lock down is lifted – specific to location ? Regarding travel advisory – its already been shared with students that travel to and fro plant is not Cummins responsibility and they need to comply with our travel advisory.

Do advise.

Rgds.

Hello Krishna sir,

Sorry for the delay in sharing the Quote. We are working on the best price offerings as we did last time and since it is being the last week of Mid half there is a hold on certain models and prices causing the delay. I would be sharing the best offerings on Monday or Tuesday of next week.

Apologies once again.

Please feel free to revert if you have any further clarifications.

Dear Sir

**Greetings from Cummins College of Engineering for Women, Nagpur!**

Maharshi Karve Stree Shikshan Samstha (MKSSS) has been working for empowerment of women for the last 125 years in various places all over Maharashtra. Cummins College of Engineering for Women (CCoEW) at Hingna, Nagpur is one of 70 units of MKSSS. Due to the Covid 19 pandemic, new normals are being set where the teaching/ Learning process has gone online. CCoEW has many students who are facing problems in their Teaching/ Learning because of low socio-economic conditions. CCoEW is connected to many philanthropists who help our students pay their fees or help them to buy books. We are thankful to you for donating 15 tablets to our students on 5th June 2021.

Further, We are pleased to accept an additional offer made by your organization to donate Tablets to 20 more of our students so that their learning gets facilitated. Following students have consented to contribute Rs. 2000/- to get a Datamini Tablet for themselves.

Dear Sir,

Greetings of the day!

Every year ASM International extends the support to our institute by arranging Mock Interviews for final year students. This gesture, from the past couple of years, really resulted in placements of our students at reputed MNCs. The panelists for the mock interview always give precise and perfect feedback to the students which helps them to overcome the hurdles they might face during their selection process.

We request you to extend the support again this year. This year our 13 students are appearing for technical and aptitude test today for **Technip FMC** and their **interview is being scheduled on 25th July 2023**. We can plan an online mock interview as we did earlier 2 times.

I request you to please ask Mr. Sambhaji Jaybhay from Tata Motors (s.jaybhay@tatamotors.com) (under their "KAUSHALYA", CSR initiative to make engineering students industry ready) and/or any other suitable person/organization who can spare their valuable time and share their knowledge with our aspiring students.

**Subject:** Donation of working Live Axle live, Transaxle and Gear box to our MKSSS's Cummins College of Engineering for Women, Pune & Nagpur.

Dear Sir,

As you are aware, Maharshi Karve Stree Shikshan Samstha (MKSSS) was established in 1896 by the great visionary and social worker Bharat Ratna Maharshi Dhondo Karve to provide education to women and make them self-reliant. MKSSS, Pune has diversified branches all over Maharashtra in India and about 29,000 girl students are taking education at present. Over the period of last 122 years, the Institution has grown manifold and at present, it is running 62 numbers of educational and other units. These units are located at Pune, Satara, Wai, Ratnagiri, Nagpur & Kamshet. All these units are meant **exclusively for girls or women.**

The girls and women from rural areas cannot get access to education due to factors such as poor financial condition, insecure atmosphere, non-availability of schools in the vicinity of their stay and many such reasons. It is MKSSS that has stood behind them as a strong support system. Many efficient, intelligent, determined and promising girls and women from rural areas are living a decent and respectable life. Samstha has uplifted them by making them educated, empowering them to become self-reliant. Maharshi Karve Stree Shikshan Samstha is one of the pioneering institutions in the field of women's education in India which provides education to girls from primary level to higher education.

Striving for excellence, we keep the students updated with the development of latest trends and technologies. Growth and Development of our students being our apex priority irrespective of all constraints, we are proud to state that we have lived up to our commitments and have maintained our goodwill. The blend of the great vision of Maharshi Karve and the hard work, dedication, determination and strategic approach of management and staff members at all levels has enabled us to carve a niche in the competitive scenario.

(Maharshi Karve Institution For Women's Education)

In the year 1991, the Samstha has started Cummins College of Engineering for Women at Pune campus with the help of Cummins Diesel India Ltd. This is the first engineering college in India that is exclusively for women. Cummins College of Engineering is approved by All India Council for Technical Education (AICTE), New Delhi and Directorate of Technical Education (DTE), Mumbai. It runs undergraduate program (B.E.) in Electronics & Telecommunication, Mechanical, Computer, Information Technology and Instrumentation & Control and three post graduate programs. All programs are affiliated to Savitribai Phule Pune University. The college is accredited in 1998, 2002, 2006, 2012 and 2016 by National Board of Accreditation (NBA) and has been accredited with "A" Grade by NAAC.

Cummins College of Engineering for Women at Nagpur was established in 2010 with branches viz. Mechanical, Computer and Electronics & Telecommunication with funding from Cummins India Foundation to empower women of Vidarbha region of Maharashtra. This college is approved by AICTE, New Delhi, and Government of Maharashtra. It is affiliated to RTM Nagpur University. Recently, this college is also accredited with "B++" Grade from NAAC. The excellent infrastructure, talented & well qualified faculty and student centric approach has made Cummins College of Engineering, Nagpur as the most preferred girls' college in Nagpur.

Our Engineering Colleges at both the campuses have a branch of Mechanical Engineering. We try to take our students to some automobile company for the practical / hands on understanding of various Automotive Systems like gear box, Axle etc. which may not be possible many a times due to various constraints. We request you to provide us working Live Rear Axle, Transaxle and Standard Gear Box from your esteemed organization for both the units. This will help to our students to understand the working and concepts with more clarity. Our students can also run some projects using these models. If already available with you, please send us design of fixture suitable to keep these systems.

With this background we appeal you to donate the above mentioned systems and thereby support the vision of the Samstha of Empowerment of Women through Education.

Thanks and Regards,

Dr. P.V.S. Shastry
